

Product	<b>Marine Trunk Piston Engine Oil 4020</b>
Summary	<b>Product description</b> SINOPEC Marine Trunk Piston Engine Oil 4020 is developed according to the lubrication characteristics of 4 stroke marine trunk piston engine, which can meet the lubrication requirements of its cylinder and crankcase, especially for 4 stroke marine trunk piston engine with sulfur content less than 0.5%.

Available sizes

DRUM – 200L

IBC – 1000L

Also available in bulk

## Applications

SINOPEC Marine Trunk Piston Engine Oil 4020 is suitable for:

- Lubrication of 4 stroke marine trunk piston engine, 4 stroke land trunk piston engine or auxiliary equipment such as stern tube using fuel oil with sulfur content less than 0.5%.

## Features and benefits

- Excellent wear resistance, effectively reducing the wear of metal parts.
- Excellent cleanliness and dispersion, reduce sediment, keep engine parts clean.
- Excellent thermal stability and oxidation stability, effectively inhibiting sediment formation.
- Excellent acid neutralization ability to effectively neutralize acid products from fuel combustion.
- Meets API CF specification.
- Certified by MAN, MAK, DAIHATSU, and HIMSEN.

# Product Data Sheet

## Typical data

<b>SINOPEC Marine Trunk Piston Engine Oil 4020</b>	
SAE Grade	40
TBN, mgKOH/g	20.1
Kinematic Viscosity, cSt @ 100°C ASTM D 445	14.22
Viscosity Index, ASTM D 2270	100
Flash Point (COC), °C, ASTM D 92	248
Pour Point, °C, ASTM D 97	-15

These data are given as an indication of typical values, not as exact specifications.

## Accuracy of information

Data provided in this PDS is typical and subject to change as a result of continuing product research and development. The information given was correct at the time of printing. The typical values given are subject to variations in the testing procedures and the manufacturing process may also result in slight variations. Sinopec guarantees that its lubricants meet any industry and OEM specifications referred to on this data sheet.

Sinopec cannot be held responsible for any deterioration in the product due to incorrect storage or handling. Information on best practice is available from your local distributor.

## Product and environmental safety

This product should not cause any health problems when used in the applications suggested and when the guidance provided in the Material Safety Data Sheet (MSDS) is followed. Please consult the MSDS for more detailed advice on handling; MSDSs are available from your local distributor. Do not use the product in applications other than those suggested.

As with all products, please take care to avoid environmental contamination when disposing of this product. Used oil should be sent for reclamation/recycling or, if not possible, must be disposed of according to relevant government/authority regulations.

The SINOPEC trademark is registered and protected.
